3x higher

yield with 3-4 kg extra per bunch

4x better

protection from sunburn and pests

2x improved

quality for export markets

ABOUT

Banana Bunch Shield Cover — UV-Blocking Protection for Premium Banana Production

Agrifirst Banana Shield Cover is a specially designed protective sleeve for banana bunches that shields developing fruit from sunburn, insect damage, bird attacks, and cosmetic blemishes. This breathable, UV-treated cover promotes uniform ripening and produces premium-quality, exportable banana bunches with clear, unblemished peels that command top market prices.

DESCRIPTION

Agrifirst Banana Shield Cover is a purpose-designed protective sleeve that fits over entire banana bunches during the development and ripening phase. Banana fruit is extremely sensitive to cosmetic damage from sunburn, thrips, scarring beetles, bird pecking, and wind-rub — defects that downgrade bunches from premium export grade to local commodity pricing. This shield cover eliminates these quality losses.

Key Benefits

- **Sunburn Prevention** — Blocks excessive UV radiation that causes peel browning and scalding on exposed bunches
- **Uniform Ripening** — Creates consistent microclimate around the bunch, promoting even color development across all hands
- **Pest Protection** — Physical barrier against thrips, scarring beetles, and other fruit-surface pests
- **Bird & Bat Exclusion** — Prevents night-time bat damage and daytime bird pecking
- **Export-Quality Output** — Protected bunches consistently achieve Grade A export standards
- **Breathable Design** — Allows air circulation to prevent moisture buildup and fungal issues

Technical Specifications

Material	Non-woven PP / perforated LDPE — UV treated
Size	Standard: 80cm x 120cm / Large: 100cm x 150cm
Color	Blue (standard — promotes uniform color development)
Ventilation	Perforated / breathable for air circulation
UV Treatment	Yes — blocks harmful UV while transmitting beneficial light
Application	Slip over bunch after last hand opens, tie at top of bunch stem
Packaging	100 / 250 / 500 per pack
