ABOUT

Agrifirst Film Repair Tape — Cost-Effective Greenhouse Film Patching Solution

Agrifirst Film Repair Tape is a reliable, cost-effective UV-stabilized adhesive tape for patching greenhouse film damage. This locally-produced tape provides excellent adhesion to PE films, UV resistance, and weatherproofing at a competitive price point — making routine film maintenance affordable for all greenhouse operators.

DESCRIPTION

Agrifirst Film Repair Tape is a cost-effective UV-stabilized repair tape for routine greenhouse film maintenance. This locally-produced tape delivers solid performance for patching small tears, holes, and damage in polyethylene greenhouse films — keeping your greenhouse sealed and protected without the cost of premium imported tape or full film replacement.

Key Features

- **UV Stabilized** — Resists sun degradation for reliable outdoor performance
- **Good PE Adhesion** — Bonds well to standard greenhouse polyethylene films
- **Cost-Effective** — Affordable option for routine maintenance and small repairs
- **Easy to Apply** — Peel-and-stick application — no special tools needed
- **Waterproof Seal** — Prevents rain infiltration at repair sites
