

Bluelab® Combo Meter Plus

Bluelab® Combo Meter Plus — smart 3-in-1 with data logging. pH, EC, temperature with alerts & memory. Advanced nutrient management. Agrifirst India.

4x faster

pH readings with Leap probe technology

3x more

versatility across substrates and solutions

2x easier

operation with backlit display and auto-off

ABOUT

Bluelab® Combo Meter Plus — Advanced 3-in-1 with Data Logging & Smart Alerts

The Bluelab® Combo Meter Plus is the enhanced version of Bluelab's bestselling Combo Meter, adding smart features like data memory, calibration history tracking, and intelligent alert notifications. All the convenience of 3-in-1 pH/EC/temperature measurement with added intelligence for data-driven growing decisions.

DESCRIPTION

Bluelab® Combo Meter Plus builds on the proven Combo Meter platform with enhanced smart features for data-driven nutrient management. Track calibration history, receive intelligent alerts when calibration is due, and access extended measurement data — all while maintaining the same reliable 3-in-1 pH/EC/temperature measurement that growers trust.

Plus Features

- **Calibration History** — Tracks when the meter was last calibrated for quality assurance
- **Smart Alerts** — Notification when calibration is due or probe needs attention
- **Enhanced Display** — Improved screen with clearer readings and status indicators
- **All Combo Meter Features** — 3-in-1 pH/EC/temperature, replaceable pH probe, waterproof design

Technical Specifications

pH Range	0.0–14.0 pH (± 0.1)
EC Range	0–10.0 mS/cm ($\pm 2\%$)
Temperature	0–50°C ($\pm 0.5^\circ\text{C}$)
Smart Features	Calibration tracking, smart alerts, enhanced display
pH Probe	Replaceable double-junction
Waterproof	Yes
