

Ginegar Suncover 205N

Ginegar Suncover 205N — versatile 200-micron greenhouse film, UV-stabilized, anti-drip. Multi-purpose polyhouse cover for all Indian climates. Buy from Agrifirst.

3x more uniform

growth with superior light diffusion

4x better

pest protection with UV blocking

2x longer

durability with anti-sulphur technology

ABOUT

Multi-Purpose Greenhouse Film with Balanced Performance for All Indian Climates

Ginegar Suncover 205N is a versatile, high-performance greenhouse film designed for broad adaptability across India's diverse agro-climatic zones. With balanced light transmission, good mechanical strength, and proven UV stabilization, this film delivers reliable performance for polyhouse, shade house, and tunnel applications — offering excellent value for commercial growers.

DESCRIPTION

Ginegar Suncover 205N is a proven multi-purpose greenhouse film from Ginegar Israel, designed for excellent all-round performance across India's diverse farming regions. This robust 200-micron film combines solid light transmission, UV stabilization, and good mechanical properties in a cost-effective package — making it a popular choice for polyhouses, tunnels, and protective structures across India.

Key Features

- **Balanced Light Properties** — Optimal light transmission and diffusion suitable for a wide range of crops and climate zones
- **Strong UV Stabilization** — 3+ year UV life ensures consistent performance and protection against film degradation
- **Excellent Mechanical Strength** — Superior tear and puncture resistance for durability in high-wind and hail-prone areas
- **Anti-Drip Feature** — Prevents harmful condensation droplets from falling on crops
- **Cost-Effective** — Premium Ginegar quality at a competitive price point for budget-conscious commercial growers

Technical Specifications

Manufacturer	Ginegar Plastic Products, Israel
Technology	Multi-layer co-extruded polyethylene
Thickness	200 Micron
UV Life	3+ Years (pro-rata warranty)
Anti-Drip	Yes
Available Widths	4.5m, 5.5m, 7m, 9m, 12m
Available Lengths	Jumbo rolls (customizable)
Applications	Polyhouse cladding, low tunnels, nursery covers, rain shelters
Suitable Crops	All greenhouse crops — vegetables, flowers, fruits, nursery
Dispatch	Hosur / Ahmedabad — immediate delivery
