ABOUT

Soft PP Agricultural Rope — Gentle, Strong Multi-Purpose Farm Rope

Agrifirst PP Agri Rope Soft is a versatile, soft-twist polypropylene rope designed for agricultural tying, bundling, and support applications. The soft twist construction is gentle on plant stems while providing excellent grip and knot-holding ability. UV-stabilized for outdoor use, this rope handles everything from tomato trellising to crop bundling to general farm tying.

DESCRIPTION

Agrifirst PP Agri Rope Soft is a versatile polypropylene rope with a soft twist construction, designed for the diverse tying, binding, and support needs of Indian agriculture. From trellising vine crops to bundling harvested produce to securing shade nets and tarps — this UV-stabilized rope handles it all with the right combination of strength, flexibility, and plant-safe softness.

Key Features

- **Soft Twist** — Gentle on plant stems, won't cut into tender bark like hard ropes
- **Good Knot Holding** — Soft twist provides excellent friction for secure, slip-free knots
- **UV Stabilized** — Resists degradation from prolonged outdoor sun exposure
- **Lightweight** — Easy to carry and work with in the field

Rot-Proof — Polypropylene will not rot in wet or soil-contact conditions

- **Cost-Effective** — Affordable bulk pricing for high-volume farm use

Technical Specifications
